

## THE INSTITUTE OF CHARTERED SHIPBROKERS (IRELAND)

is pleased to offer the following Courses in 2021/22:

ADVANCED DIPLOMA IN SHIPPING (AD)

PROFESSIONAL QUALIFYING EXAMINATIONS (PQE)

These courses are suitable for all those involved in the world of shipping e.g. liner trades, port agency, transport, freight forwarding, port operations and shipping finance.

The Advanced Diploma is intended for those who have some basic knowledge of shipping but who feel at the initial stage that the PQE is too much for them to undertake. The Professional Qualifying Examinations are undertaken by those who wish to become Members of the Institute of Chartered Shipbrokers.

The Advanced Diploma covers Shipping Business and either Port & Terminal Management or Economics of Sea Transport. Those who wish to take the Professional Qualifying Examinations can take any of the above courses, as well as Legal Principles in Shipping Business as part of their qualification. These Courses receive support from the Irish Maritime Development Office (IMDO).

Due to ongoing Covid-19 measures, lectures will be delivered online for the remainder of 2021, however subject to public health measures in force from January onwards, we will consult with students about a return to classroom-based lectures.
